It's as easy as **1 - 2 - 3!**

- 1. Go to <http://mcmmap.org/qol>**
- 2. Type your address in the search bar** where it says "Search Map" and select your address from the drop-down list that appears.
- 3. Click the "Report" button** beneath the map to generate a summary report of all the information in the Quality of Life Explorer. And you're done! *(Note: You can also click on the report header where it says "Summary Report" to give your report a custom name.)*
