

The LeadSafe Charlotte Projects Registry was created to provide information to potential renters and buyers about the lead safety status of housing constructed before 1978 and located within the City of Charlotte. The units were deemed lead-safe based on a lead evaluation as of the date indicated. "Lead-Safe" means that there was no deteriorated lead-based paint, no lead-contaminated dust, and no exposed lead-contaminated soil identified at the time of the lead evaluation. This does not mean the property is "lead-free" as lead-based paint or lead in the soil may remain. Lead hazards may be created as a result of normal use and changes to the structure.

On-going lead safety requires the owner to safely maintain paint coatings and soil covering and to use lead-safe work practices in maintaining or repairing the unit. Prospective renters or buyers should check with the owner to see if these practices have been followed.

Please keep in mind, this list of "lead-safe" housing units does not mean that the units listed are vacant or available at this time.

LeadSafe Charlotte makes no warranties as to the current condition of the property. Normal deterioration or activities of the owner, tenant, or others may have created lead hazards since the lead evaluation date.

Rental/Owner Occupied	Unit Address	Zip code	Lead Safe Date
Rental	4604 Hovis Rd.	28208	3/24/2017
Rental	1124 Goodman Rd.	28214	3/30/2017
