

Charlotte Water has contracted with:

R. H. Price, Inc.
Office: 704-395-0672
Emergency: 980-521-7087
and 704-771-6050

to replace the water main in your neighborhood along Cane Ct. Construction will take place in the street right-of-way. **Please alert us to invisible fence, irrigation, and other underground improvements near the street.** Your water service and access to your property will be maintained unless advance notice is provided to you otherwise.

PROJECT:

**Cane Ct. Water Main
Replacement and Abandonment**

PROJECT NUMBER: 7030700015-17-089

Questions and concerns about this project may be directed to your CLTWater contact(s) listed below.

Construction Inspector: **Alex Tettmar @ 980-287-5623**

Project Coordinator: **Richard Ingle @ 704-336-4927**

e-mail: **ringle@charlottenc.gov**

Project Manager: **Jeff Boone, PE**

New service information is provided on back. For more information about obtaining new services, please call the office shown on the back of this notice. No action is required by you to maintain your existing service.

**WATER AND SEWER CONNECTION COSTS
EFFECTIVE 7-01-2017 THROUGH 6-30-2018**

For additional water or sewer** service connections to be installed during construction of this project, you must pay for new service connections before construction begins.

SEE OTHER SIDE TO DETERMINE IF THIS IS A WATER OR SEWER PROJECT.

WATER* SERVICE SIZE	WATER* SERVICE COST	SEWER** SERVICE SIZE	SEWER** SERVICE COST
5/8" dom.	\$2,734.00	4"	\$5,303.00
5/8" irrig. ²	\$2,773.00		
5/8" split ¹	\$1,003.00		

*Key: "dom." denotes domestic service
(Option 2) "irrig." is irrigation w/dual check and tap on main
(Option 1) "split" is irrigation service "split" off of "dom."

If you request and pay for service after construction begins, full cost of service connections will be:

WATER SERVICE SIZE	WATER SERVICE COST	SEWER** SERVICE SIZE	SEWER** SERVICE COST
5/8" dom.	\$2,955.00	4"	\$5,598.00
5/8" irrig.	\$2,998.00		
5/8" split	\$1,003.00		

** For water main [WM] replacement projects, discount is offered only for new water service, not sewer service. Replacement of existing water service connections is included with WM replacement.

General Notes:

1. Homeowner is responsible for plumbing from meter to dwelling (water) and from cleanout to dwelling (sewer).
2. Prices are subject to change July 1st each year and do not include cost of backflow preventer or other plumbing.
3. Larger water service sizes are available at additional cost.
4. Sewer service cost increases with water meter size.
5. Contact **Installation and Development Services** (below) for additional prices.

Application for service or related questions should be directed to:
