**SUBJECT: Drinking Water Improvements – Bramble Place, Greenview Place, Westridge Drive, Woodway Place, and Allenbrook Drive Water Main Replacement and Abandonment  
Project No. 7030700015-17-093**

Dear Customer:

Charlotte Water (CLTWater) provides potable water and sanitary sewer services throughout Mecklenburg County. In the effort to maintain quality service, CLTWater must occasionally replace water mains.

CLTWater is planning to replace existing 2-inch galvanized steel pipe (GSP) water mains with new 2 and 6-inch water mains within the areas listed below:

1. Bramble Place from Brooktree Drive to Dead End
2. Greenview Place from Westridge Drive to Dead End
3. Westridge Drive from Lanewood Place to Dead End
4. Woodway Place from 4832 Woodway Place to 4700 Woodway Place
5. Allenbrook Drive from 1235 Allenbrook Drive to Dead End
6. Allenbrook Drive from 1500 Allenbrook Drive to 1600 Allenbrook Drive

This letter is to notify you of this replacement project and that authorized representatives of the City of Charlotte will be working within the street rights of way to perform utility locates in your neighborhood. Their activities should not inconvenience you in any way. Once the design and permitting activities have been completed, construction of the new water mains will begin. You will receive a notice prior to the beginning of construction of this project.

Please visit the project website by going to [charlottewater.org](http://charlottewater.org) and select 'Projects' to view updates.

Thank you for your cooperation and patience as we move forward with this project. If you have any questions about this project, please contact me at (704) 336-7461. You may also email me at [olivier.veille@ci.charlotte.nc.us](mailto:olivier.veille@ci.charlotte.nc.us).

Sincerely,  
CHARLOTTE WATER
