

July 1, 2021

Charlotte Water and **HG&L LLC**, are installing a new 12" waterline to serve a property at **110 Rhyne Rd (Project # DNC-20-19-036)**. The project will start around **August 23, 2021** and last **5 weeks**.

During Construction

Construction can be loud, dirty and inconvenient. Crews will be using heavy equipment and storing materials on-site. Any damages due to construction will be restored. Please be aware of your surroundings near the construction site and report any safety concerns to the project inspector as soon as possible.

Property Access (Driveway)

Construction activities will take place within the street right-of-way. However, driveway and sidewalk access may be limited at times. If you need assistance, please talk to contractor or call project inspector.

Lane Closures and Street Parking

Street Parking may be restricted when construction is in the immediate area. Flaggers will help drivers navigate around any lane closures.

Flowing Hydrants

Residents may see water flowing from hydrants as part of construction activities.

Restoration

Crews will complete a temporary restoration of anything disturbed by construction. Final restoration may occur after completing a phase or entire project. Our project inspector can assist with restoration questions. Properties that lose grass during construction will be reseeded and covered with straw.

Contacts:

Project Inspector: Anthony Davis 980-258-4031
Construction Supervisor: Chris Fort 704-336-1054

If you would like to apply for a new water meter, an irrigation meter, or sewer service, please call 311 or 704-336-7600 and ask for New Services Section. Thank you for your patience as we move forward with this important job. Charlotte Water is committed to providing excellent water services to our customers.
