**Planned Water Outage: Baker Drive between Cooper Drive and Tyvola Road
- Monday, October 25th 9:00 am – 4:00 pm**

HG & L Development, LLC, under Charlotte Water (CLTWater) supervision, will replace a water valve at the intersection of Ebb Place and Baker Drive. This work requires a planned water outage.

Please prepare in advance by storing water for water use (drinking, flushing toilets) during the below time.

WHEN: Monday, October 25th 9:00 am until 4:00 pm

If foul weather or some other unforeseen circumstances prevent completion of work, the **scheduled makeup date** is **Tuesday, October 26th** with same hours.

If you experience cloudy, discolored water after the outage please:

1. Run cold water from a bath tub or outside spigot for five minutes.
2. When water runs clear, run cold water through any faucets where discolored water is present.
3. If water isn't clear after 10 minutes, call 311 or 704-336-7600 and select water service after the recorded message.

CONTACTS:

Project Coordinator - Olivier Veille, 704-336-7461 or Olivier.Veille@charlottenc.gov.

Project Inspector – Weston Fulp, 980-259-1487 or Weston.Fulp@charlottenc.gov.
