Construction is Continuing in 2021

Brawley Farms
Water Service Replacement Project
The Brawley Farms Water Service Replacement Project started spring 2020 and completed the following streets:
1. Currier Rd.
2. Rothman Ln.
3. Donet Terrace Dr.

The current funding source for this project is almost out of money. Water service construction is on hold until additional funding begins in November. Crews will resume the project on the following streets starting late November or December 2020; Deluca Drive, Shiny Meadow Lane, Bradstreet Commons Way, Nolet Court, Padderborn Court, Salinger Way, Novella Drive, Castle Terrace Court, Mirth Lane, Palestrina Road, and Cozen Way. The project is estimated to take three months.

CLTWater will send an update prior to construction resuming in your neighborhood. You can also check on the status of the project here: www.charlottewater.org (click on Projects, then Construction, then Brawley Farms Water Service Replacement Project).
