**Planned Water Outage: Currituck Drive between Seneca Place and Gentry Place
- Tuesday, August 3rd 9:00 am – 4:00 pm**

HG & L Development, LLC, under Charlotte Water (CLTWater) supervision, will abandon the existing 2-Inch water pipe at the intersection of Gentry Place and Currituck Drive. This work requires a planned water outage.

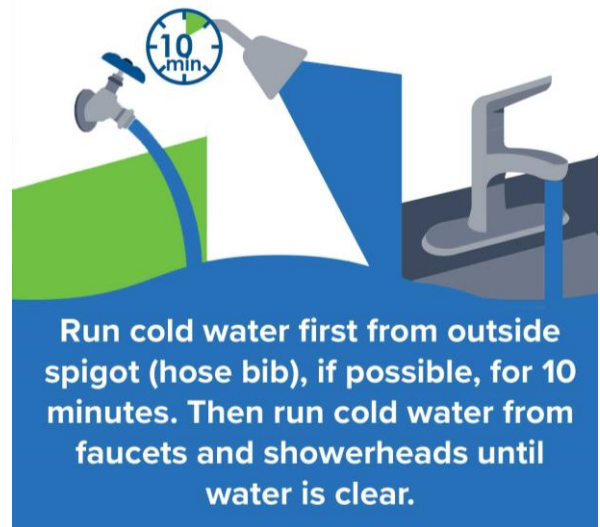

Please prepare in advance by storing water for water use (drinking, flushing toilets) during the below time.

WHEN: Tuesday, August 3rd 9:00 am until 4:00 pm

If foul weather or some other unforeseen circumstances prevent completion of work, the scheduled makeup date is Wednesday, August 4th with same hours.

If you experience cloudy, discolored water after the outage please:

1. Run cold water from a bath tub or outside spigot for five minutes.
2. When water runs clear, run cold water through any faucets where discolored water is present.
3. If water isn't clear after 10 minutes, call 311 or 704-336-7600 and select water service after the recorded message.

CONTACTS:

Project Coordinator - Olivier Veille, 704-336-7461 or Olivier.Veille@charlottenc.gov.

Project Inspector – Weston Fulp, 980-259-1487 or Weston.Fulp@charlottenc.gov.
