We are pleased to report the detention pond is functioning as designed. In an effort to beautify the area, trees and shrubs will be planted in and around the detention pond this fall, as well as additional seeding for grass.

Efforts are ongoing to alleviate standing water inside the pond and to create a natural area. We thank you, and appreciate your patience during this process.

If you have any questions please contact the project manager Kristie Kennedy at 704-336-6194 or kkennedy@charlottenc.gov.
