Construction on the Five Points Public Plaza is 85% complete. This project will make improvements to the intersection of West Trade Street, State Street, 5th Street and Beatties Ford Road. The public plaza will be a cultural, education and entertainment public space that reflects the neighborhood's identify and history. Features include an amphitheater, water splash pad, public Wi-Fi, swings, tables and chairs, artwork and signage, solar lighting brick pavers, sidewalk, irrigation and a decorative wall. Construction is expected to be complete by the end of 2021.

A community-led team is already planning events at the plaza, including the grand opening festival later this year. If you are interested in helping, please contact Erin Chantry at [erin.chantry@charlottenc.gov](mailto:erin.chantry@charlottenc.gov).
