

CROSS CHARLOTTE TRAIL

North Tryon Street to Orr Road (Hidden Valley)

AUGUST 2020

BACKGROUND / PURPOSE

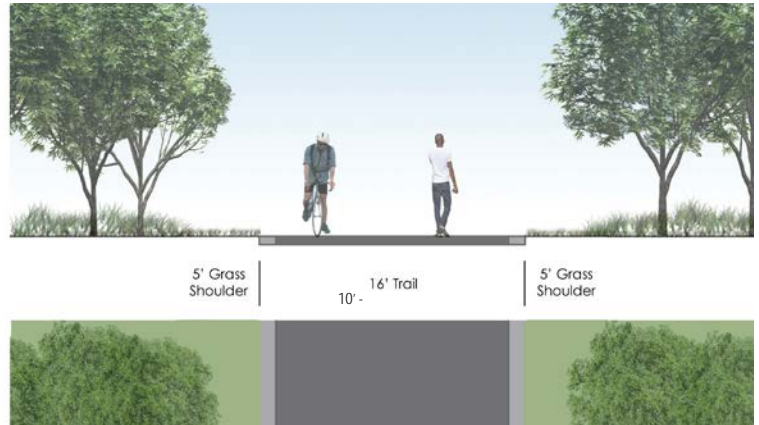

The City of Charlotte is partnering with Mecklenburg County to create a 30+-mile trail and greenway facility that will stretch from the City of Pineville through Center City and on to the UNC Charlotte campus and Cabarrus County line. This project will complete Segment 8 of the Cross Charlotte Trail through the Hidden Valley neighborhood from North Tryon Street to Orr Road. This project provides safe and comfortable pedestrian/bicycle connections to the Hidden Valley neighborhood, Dr. Martin Luther King Jr. Middle School, Hidden Valley Neighborhood Park and the LYNX Blue Line.

*Little Sugar Creek Greenway:
Completed section of the XCLT*

PROJECT LIMITS

The project starts at the intersection of North Tryon Street and Mellow Drive where it enters the Hidden Valley neighborhood. The trail winds through neighborhood streets and along existing parcels, where it merges with an existing sidewalk and through vacant/wooded parcels. The proposed alignment connects the neighborhood with the MLK Jr. Middle School, running adjacent to the school's access lane, and continues to the northeast along Dawn Circle to connect to Orr Road. *(See map of proposed route on the back of this handout)*

Typical trail section in an off-street corridor

DESIGN

The project includes a variety of typical trail types based on the adjacent land use context and recommendations of the XCLT master plan and the planning study for this segment:

- **Trail sections along a street:** 12-foot-wide multiuse path with a minimum 5-foot buffer.
- **Trail sections off the street (in between blocks):** 10- to 16-foot-wide multiuse path with 5-foot shoulders on both sides of the path.
- **Neighborhood connector trails:** 10-foot-wide multiuse path with 5-foot shoulders on both sides of the path.
- **Bike boulevard + sidewalk:** Wayfinding and potential traffic calming along low-volume, residential streets.

PROJECT COSTS

The estimated total cost for this segment of the Cross Charlotte Trail is \$9.7 million. This includes all costs associated with the project such as planning and design, acquiring the right of way, utility relocation, consultant fees, construction, signalization, permits and landscaping.

PROJECT SCHEDULE

The current project schedule (dates subject to change) is shown below:

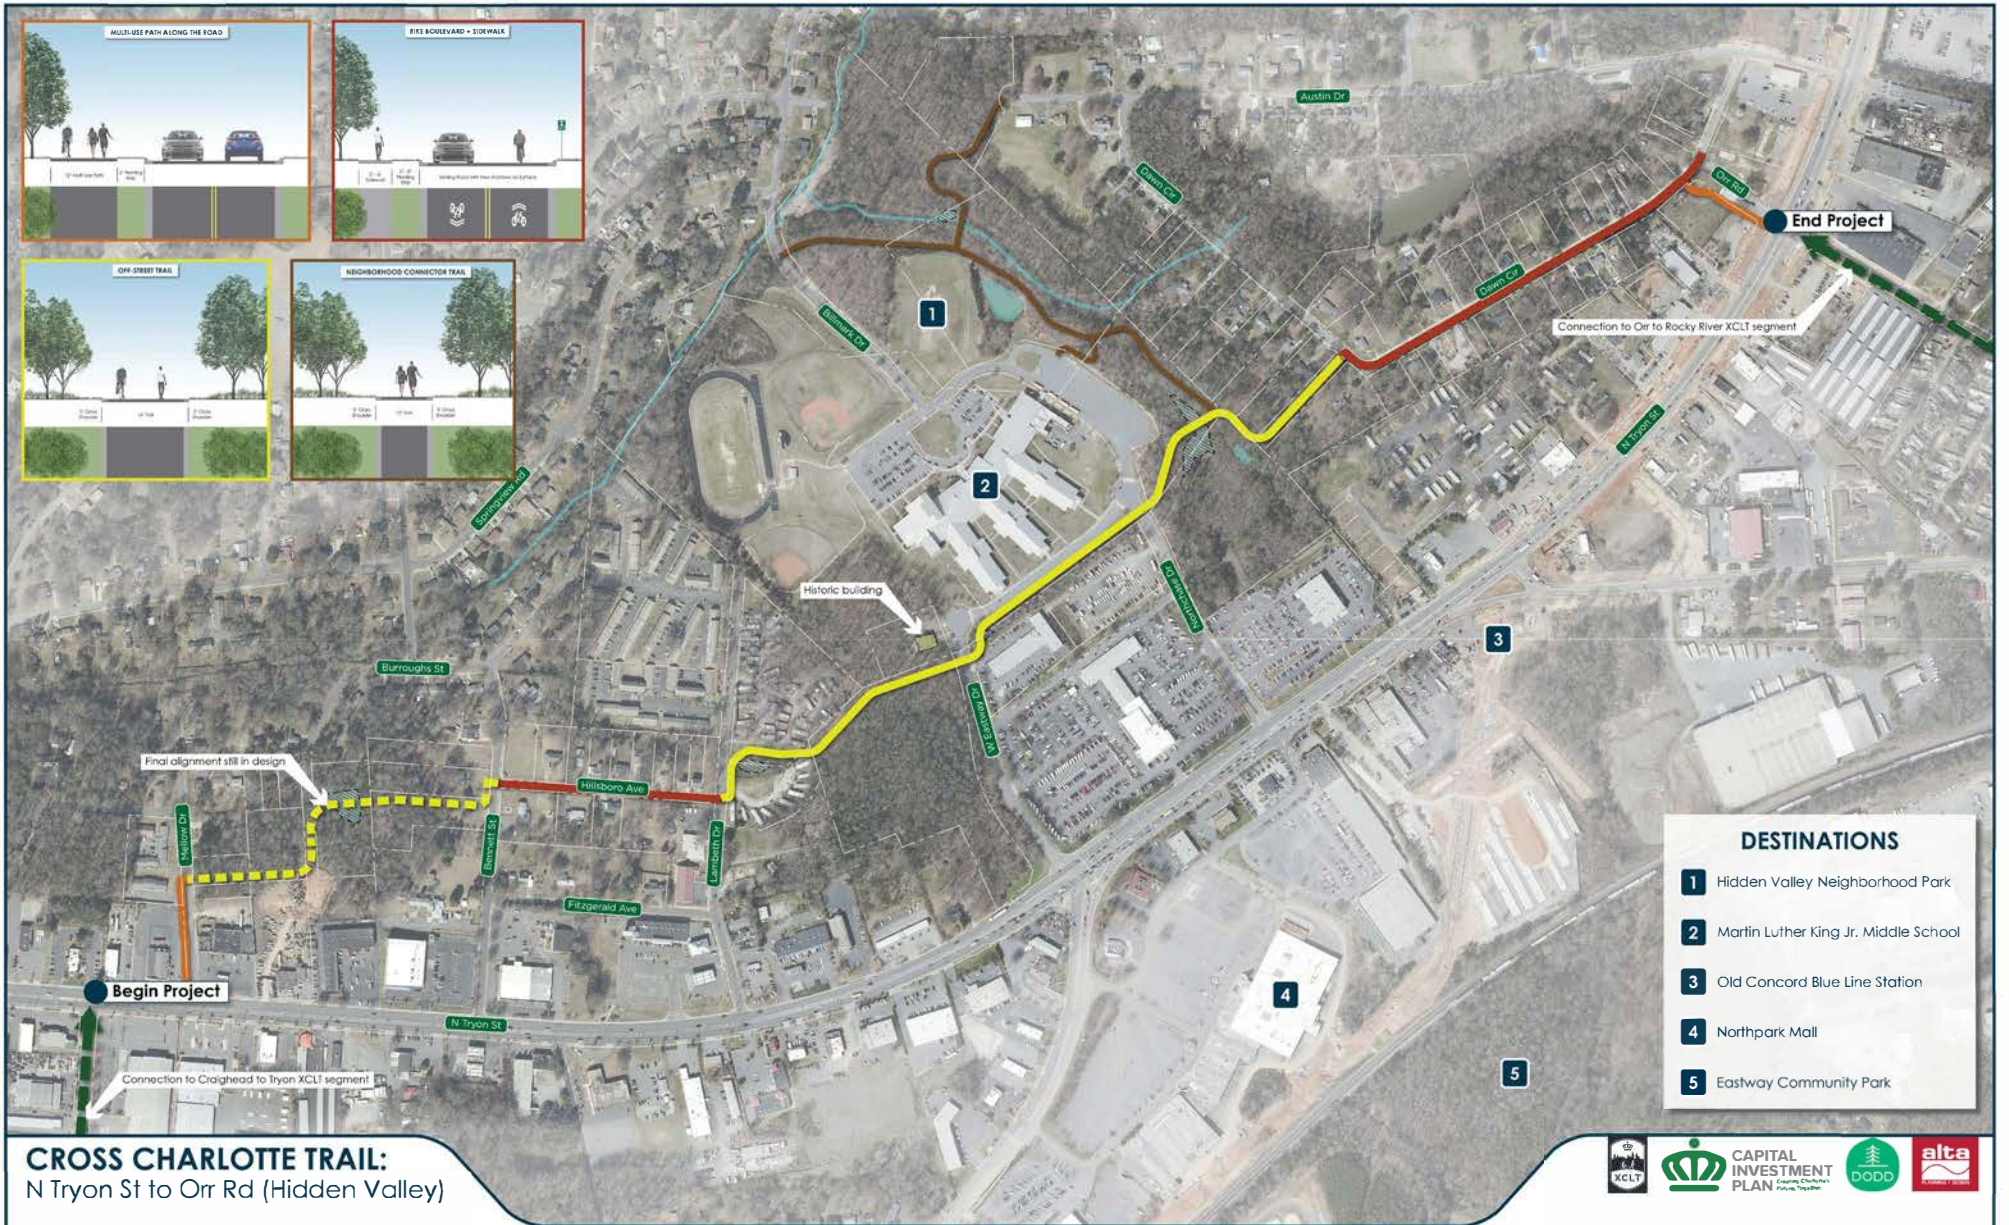

Design	2020
Real Estate Acquisition	2021
Utility Relocation	2021
Construction	2022
