Construction is Coming To Your Area

Hidden Valley South Neighborhood Drinking Water Pipe Replacement Project
Starting the week of August 3rd, Charlotte Water (CLTWater) and contractor Propst Construction will start replacing existing 2-inch galvanized steel pipe (GSP) water main with new water mains under the following streets:

1. Jarmon Court
2. Pondella Drive (700 block)
3. Rolling Hill Drive (4400 through 4500 blocks)
4. Coates Court
5. Lyles Court
6. Paxton Court

**During Construction**

Construction will last an estimated two months. Construction can be loud, dirty and inconvenient. Crews will be using heavy equipment and storing materials on-site. Construction will take place beside the road in the road right-of-way.

**Property Access (Driveway)**

Construction activities will take place within the street right-of-way. However, driveway and sidewalk access may be limited at times. If you need assistance, please talk to contractor or call project inspector. Please alert us to invisible fence, irrigation systems, and other underground improvements to your home near the street.

**Lane Closures and Street Parking**

Street Parking may be restricted when construction is in the immediate area. Flaggers will help drivers navigate around any lane closures.

**Water Outages**

In the unexpected event of a water service interruption, the issue will be treated as an emergency and repairs will be made to restore service as quickly as possible.

**Flowing Hydrants**

Residents may see water flowing from hydrants as part of construction activities.

**Project Contacts**

Project Coordinator - Marvin Battle, 704-995-7499 or mbattle@charlottenc.gov

Project Inspector - Weston Fulp, 980-259-1487 or Weston.Fulp@charlottenc.gov.
