

June 4, 2020

Dear Customer:

Dallas 1, under Charlotte Water (CLTWater) supervision, is replacing a water main in your neighborhood.

In a heightened effort to maintain constant water service, Charlotte Water reassigned crews to focus on work that will cause the fewest interruptions in water service to customers.

For the **Hollyday Court** and **Murrayhill Road** (between Currituck Drive to Wedgewood Drive) water outage, Charlotte Water will reduce the planned outage duration and number of customers affected to minimize disruption as much as possible. Your **water service** must be **temporarily interrupted** to make final connections.

DATES OF INTERRUPTION: Tuesday, June 9, 2020
DURATION OF INTERRUPTION: 9:00 AM to 4:00 PM

If foul weather or some other unforeseen circumstances prevent completion of work, the scheduled **makeup date** is **Wednesday, June 10, 2020** with the same hours.

Once service is restored, you may experience water that appears slightly discolored. You may also notice a latent chlorine odor from disinfection of the new main. This is quite normal and temporary. To help with this process, run your **cold-water tap** for a short period of time. If water doesn't clear up after 15 minutes, please call the contacts below. The new main has been flushed and de-chlorinated, so it should not take very long for the appearance of the water to improve.

Please visit the project website by going to www.charlottewater.org. (Projects, Construction, Hollyday Court Water Pipe Replacement).

We apologize for any inconvenience this outage may cause and ask for your patience and cooperation as this project moves toward completion.

If you have any questions or your water service is off during times other than indicated above, please call the Project Inspector, Alex Tettmar, at [980-287-5623](tel:980-287-5623), or myself at 704-336-7461.

Sincerely,
CHARLOTTE WATER
