# Water Service Line Replacement Project

Charlotte Water and Atlantic Coast Contractors, Inc. will replace drinking water service lines (from pipe under the street to water meter) in your in your neighborhood starting in 60 days. This project will enhance water quality and flow. There are also water main replacement projects in the neighborhood on several streets. Most of these projects will start fall or late 2020.

- You will be notified in advance of any activity on your property.
- Contractor and staff will have proper identification. No contractor or staff will need to enter any home.
- Crews will check meter inside water meter box to determine if upgrade is needed.
- Customers don't need to be home.
- If your meter box is inside a locked area or have large animals near meter box, please call contractor at 704-483-7120.
- Crews will dig mostly in the road, road right-of-way, and along utility easements. Pipe and other materials will be along construction zone and road right-of-way.
