

# CONSTRUCTION STARTING ON MCKEE ROAD/PROVIDENCE ROAD INTERSECTION

This project will provide bicycle and sidewalk connections, with added travel lanes to improve vehicle capacity. Improvements include an added southbound left turn lane on Providence Road, a new eastbound left turn lane on Ballantyne Commons Parkway, and an eastbound through lane starting at Ballantyne Commons Parkway and ending at Tilley Morris Road (see reverse for more detail).

Blythe Development Company is expected to start construction soon. All construction will be performed within the right-of-way and acquired construction easements. If you have plantings or private utilities (invisible fencing, sprinkler heads, lamp posts, etc.) located in the work area please relocate them by December 15.

Motorists will encounter lane closures during various stages of construction. City staff along with the contractor will make every effort to minimize inconveniences during construction.

Postcards and other notifications will be mailed or delivered to properties directly impacted by construction.
