

MCKEE ROAD/PROVIDENCE ROAD INTERSECTION

This project will provide bicycle and sidewalk connections, along with additional travel lanes to improve capacity for motorists. Improvements at the intersection include an additional southbound left turn lane on Providence Road, a new eastbound left turn lane on Ballantyne Commons Parkway, and an eastbound through lane starting at Ballantyne Commons Parkway and ending at Tilley Morris Road.

Construction is expected to start by the end of 2018. See reverse for details.

JUNE 2018 UPDATE

The utility relocations needed to start construction are almost complete and the bid phase is underway. During this phase, the City procures the services of contractors to build the project through a competitive bidding process. By state law, City Council awards the contract to the lowest responsible bidder. Construction is expected to start by the end of 2018.

Stay informed of any schedule changes by subscribing for project updates. Instructions are listed below.

Please contact Leslie Bing, project manager, at 704-577-8609 or lbings@charlottenc.gov with any questions or concerns.
