

Belmont/Optimist Park Wastewater Replacement Project:

Storm Water Road Closure Notice: N. Tryon Street

ROAD CLOSURE NOTICE

Contractors for Charlotte Water are continuing construction work for a combined wastewater, stormwater and streetscape project in the Belmont/Optimist Park neighborhoods. As part of this project, crews will be working to replace stormwater pipes on N. Tryon Street between E. 16th Street and W. 15th Street, which will ultimately reduce the risk of flooding and protect the water quality of surface waters.

This section of N. Tryon Street, between E. 16th and W. 15th streets, is expected to be closed from September 23 through October 8 to complete this work. During this time, motorists should follow all detour signage. See map for full detour. Charlotte Water understands that construction can be inconvenient, but this closure is necessary to ensure the safety of all individuals.

Please note, schedules are subject to change due to weather and other conditions.

Questions: Please visit the project website at www.charlottewater.org (click on "construction projects") for more information on this project. If you have a question, please contact Storm Water Services project manager Brant Smiley, 980-308-7533, brant.smiley@charlottenc.gov or Charlotte Water project inspector Travis Gass, 704-995-7504, travis.gass@charlottenc.gov.
