Water Pipe Replacement Project for Oak Creek Drive

Charlotte Water (CLTWater) is starting construction to replace an existing 2-inch galvanized steel pipe (GSP) water main with a new 2-inch water main on Oak Creek Drive from Lorraine Drive to the dead end. Construction may start around October 29th or later and last one month.

During Construction

Construction can be loud, dirty and inconvenient. Crews will be using heavy equipment and storing materials on-site. Construction will take place in the road right-of-way. Any damages due to construction will be restored. Please be aware of your surroundings near the construction site and report any safety concerns to the project inspector as soon as possible.

Property Access (Driveway)

Construction activities will take place within the street right-of-way. However, driveway and sidewalk access may be limited at times. If you need assistance, please talk to contractor or call project inspector.

Please alert us to invisible fence, irrigation systems, and other underground improvements to your home near the street.

Planned Water Outages

Staff will notify affected customers of planned water outages 72-hours in advance. Any unplanned water outages are considered emergencies and will be repaired as soon as possible.

Discolored Water is Possible

Construction may cause temporary cloudy, discolored water or lower than usual pressure. If you experience some discoloration in your water:

1. Run the cold water from your outside spigot or tub for 15 minutes.
2. When the water runs clear, run cold water through any taps where discolored water is present.
3. If not clear, call 311 to report issues.

Restoration

Crews will complete a temporary restoration of anything disturbed by construction. Final restoration may occur after completing a phase or entire project. Our project inspector can assist with restoration questions. Properties that lose grass during construction will be reseeded and covered with straw.

Project Contacts

Project Inspector - Enzo Martucci, 980-721-0225 or Fiorenzo.Martucci@charlottenc.gov

Project Coordinator - Olivier Veille, 704.336.7461 or Olivier.Veille@charlottenc.gov

Project Manager – Mike Wirth, 704.336.8507 or mwirth@charlottenc.gov

Contractor – Dallas 1 Construction, LLC, Office 704-509-4547 or Emergency 704-426-7439
