Subject: Piedmont Park Water Main Replacements and Abandonments

Project Number: 538-10-023

Dear Customer,

This letter is to notify you that authorized representatives of Charlotte Water may be working on or near your property during the next few weeks. Taylor, Wiseman, & Taylor will have a crew in your neighborhood to gather information for Charlotte Water to prepare plans for water distribution system improvements. In planning, it may be necessary for them to enter your property to conduct surveys, examination, appraisals, and other investigations as needed to determine existing conditions necessary for work on the upcoming project.

These activities should not damage your property or inconvenience you in any way. If it is determined that this project will have any direct effect upon your property, you will be contacted by Charlotte Water after the necessary preliminary work has been completed.

Questions or comments can be directed to Richard Ingle at Charlotte Water
5730 General Commerce Blvd, Charlotte, North Carolina 28213.
ringle@charlottenc.gov.
(704) 336-4927, (704) 578-3009 (mobile).

Sincerely,
CHARLOTTE WATER

Richard A. Ingle, EI
Project Coordinator

** For water main [WM] replacement projects, discount is offered only for new water service, not sewer service. Replacement of existing water service connections is included with WM replacement.

General Notes:
1. Homeowner is responsible for plumbing from meter to dwelling (water) and from cleanout to dwelling (sewer).
2. Prices are subject to change July 1st each year and do not include cost of backflow preventer or other plumbing.
3. Larger water service sizes are available at additional cost.
4. Sewer service cost increases with water meter size.
5. Contact Installation and Development Services (below) for additional prices.

Application for service or related questions should be directed to:
