Project No. 7030700015-18-049**

Dear Customer:

Charlotte Water (CLTWater) provides potable water and sanitary sewer services throughout Mecklenburg County. In the effort to maintain quality service, CLTWater must occasionally replace water mains.

CLTWater is planning to replace existing 2-inch galvanized steel pipe (GSP) water mains with new 2 and 6-inch water mains within the areas listed below:

1. Studley Road from Amelia Drive to dead end (3100 block)
2. Piney Grove Road from Heatherdale Court to Haverstraw Court
3. Gustar Court from Corder Drive to dead end
4. Cloughy Circle from Winchelsea Drive to dead end
5. Winchelsea Drive from Monfrey Court to dead end
6. Sandy Glen Court from Piney Grove Road to dead end

This letter is to notify you of this replacement project and that authorized representatives of the City of Charlotte will be working within the street rights of way to perform utility locates in your neighborhood. Their activities should not inconvenience you in any way. Once the design and permitting activities have been completed, construction of the new water mains will begin. You will receive a notice prior to the beginning of construction of this project.
