Charlotte Water is Replacing Old Wastewater Pipes

Charlotte Water will be replacing wastewater pipes in parts of your neighborhood with larger pipes. This project meets future capacity needs to serve the area.

You will be notified in advance of any activity on your property. Engineers are currently reviewing alignment options. You can learn more by going to www.charlottewater.org (Projects, Belmont and Optimist Park Wastewater Pipe Replacement).

Crews will dig mostly in the road, road right-of-way, and along utility easements. Pipe and other materials will be along construction zone and right-of-way.
