# Construction is Coming To Your Area Soon

Four Mile Creek Tributary  
**Wastewater Replacement Project**

March 2019

[charlottewater.org](http://charlottewater.org)

# Wastewater Improvements Coming

**WHAT:** Charlotte Water (CLTWater) will install a new wastewater pipe to serve customers in the Four Mile Creek area. Construction can be loud, dirty and inconvenient. Crews will be using heavy equipment and storing materials on-site. Please be aware of your surroundings near the construction site and report any safety concerns to the project inspector as soon as possible.

**WHEN:** Week of March 11th - End of April

- Crews will remove trees and debris from the easement over next four weeks.
- Pipe and equipment arrives a few days after clearing begins.
- Weddington Road construction entrance will be built.
- Construction starts near Weddington Road.

April or later

- Bumble Bee Drive construction entrance built.

**WHERE:** Construction of the new pipe will occur in construction easements and road right-of-ways.

**WHAT TO EXPECT:**

- **Clearing** - CLTWater removes trees, shrubs, bushes, and other vegetation inside the construction easement before installing the wastewater pipe. When and where possible, trees on the edge of the easement are preserved.
- **Pipe delivery and storage** - Pipes, large manholes, and other materials are delivered and stored within the construction easements and road right-of-ways.
- **Establishing a safe work zone** - Fencing will be put in place and pipe will be stabilized to prevent it from moving.
- **Trench digging** (five-feet to more than twenty-feet deep)
- **Customers may feel a rumble starting mid-April.** Crews may remove rock formations by use of small blasting. Areas along the alignment where blasting is required will be determined shortly after site clearing. Residents within 500 foot radius of the blasting sites will be contacted. Blasting is a standard construction procedure and all safety precautions will be taken. Residents may hear a warning horn and feel a slight vibration or rumble similar to a slammed door or thunder.
- **Construction traffic** (excavators, dump trucks) along the creek, within the easements or road right-of-way. Interstate 485 and Weddington Road will be open during the project. Bumble Bee Drive will be temporarily reduced to one lane during pipe installation.

**QUESTIONS:** Please visit the project website at [www.charlottewater.org](http://www.charlottewater.org) (click on "projects" then Four Mile Creek Tributary Wastewater Project) for updates on progress. If you have a question, please call Daniel Smith at 704-232-9064, [dsmith@gaveldorn.com](mailto:dsmith@gaveldorn.com) or Chuck Bliss at 704-336-1012, [cbliss@charlottenc.gov](mailto:cbliss@charlottenc.gov).
