**WHAT:** Charlotte Water (CLTWater) and Mainlining America, LLC will be cleaning and adding a new interior lining inside the drinking water pipes in your neighborhood. The project will enhance water quality and reliability.

**Open House**
You are invited to learn more at a drop-by meeting at Freedom Park (Mahlon Adams Pavilion, 2435 Cumberland Avenue) on Tuesday, November 12th from 4:00 - 6:00 pm.

**WHEN:** Crews will start on Princeton Avenue, Idlewood Circle, and Lilac Road by installing temporary above ground water pipes during November 2019. Starting around April 2020, crews will begin on Cumberland Avenue, Clayton Drive, Floral Avenue, and East Worthington Avenue and be complete around July.

**WHERE:** Construction will occur in the road right-of-way.

**LET US KNOW:** We'd like to hear from you. Go to our project webpage to tell us about your past water service experiences.

**WHAT TO EXPECT:** Lane closures between 9:00 a.m. and 4:00 p.m. Some work may occur on nights and weekends. Driveway and sidewalk access may be limited at times. Street parking will be restricted near the construction site.

1. Contractor connecting an above ground drinking water pipe inside a meter box. The pipe will be tested for water quality to ensure you are receiving quality water before being connected. The above ground pipe will have small ramps for customers to access their driveway.

2. Water pipe rehabilitation involves an innovative technique of cleaning the inside of the existing water pipe, then applying a protective coating to extend the life of the pipe. Crews dig at strategic locations reducing the amount of lane closures, pavement repair, and inconvenience to customers.

3. Water flowing into nearby storm drains to maintain water quality.

October 2019
This is one of many CLTWater projects in the area. Please visit www.charlottewater.org (click on “projects” drop down, then construction, and select Lilac Road and Cumberland Avenue Water Project) for updates on progress. Major updates will also be emailed via Nextdoor.
