Construction is Coming To Your Area Soon

McAlpine Creek Relief Sewer Project Phase 4
Charlotte Water is planning to install more than 17,000 feet of new wastewater pipe to serve neighborhoods along McAlpine Creek between Independence Boulevard and Lawyers Road. Construction will start in December and will be completed in 2020.

- Major roads like Idlewild Road, Margaret Wallace Road, and Lawyers Road will be tunneled under.
- When finished the project will enhance pipe performance, provide increased wastewater capacity for current and future customers and protect the water quality of McAlpine Creek.
- CLTWater user fees (i.e. water bill) fund these improvement projects.

You are invited to a drop-by meeting at Grace Bible Church (8820 Idlewild Road) on October 2nd from 4:30 - 6:30 pm to learn more about construction and restoration.

Construction of the new pipe will occur in construction easements along McAlpine Creek. CLTWater is acquiring easements from property owners beside creek.

Please visit the project website at www.charlottewater.org (click on “projects” then McAlpine Creek Relief Sewer Phase 4) for updates on progress. If you have a question, please call Amy Vershel at 704-336-1077 or avershel@charlottenc.gov or Cam Coley at 704-336-1018, ccoley@charlottenc.gov.
