COMMUNITY INVESTMENT PLAN

We want your input in determining the best way to add sidewalk and bikeway connections along Independence Boulevard from Briar Creek Road to Mason Wallace Park and Campbell Creek Greenway.

Using \$8 million in capital funds from bonds, the **Independence Area Sidewalk and Bikeway Improvements** (ISB) program calls for several elements to make this area more pedestrian-friendly, improve mobility and add connections. As part of the ISB program, this project seeks to study pedestrian and bicycle improvements that will:

- >> Improve connectivity to schools, services and retail
- >> Connect other significant pedestrian and bicycle networks
- >> Provide safe alternative routes to pedestrians and cyclists

City of Charlotte does not discriminate on the basis of disability. We will provide auxiliary aids and services, written materials in alternative formats, and reasonable modifications in policies and procedures to persons with disabilities upon request. Contact Sonji Mosley at 980-214-7851 or smosley@charlottenc.gov.
