Little Sugar Creek Tributary
Wastewater Pipe Replacement
(Edgewater Drive to Rosecrest Drive)
**WHAT:** Charlotte Water (CLTWater) and Atlantic Coast Construction with State Utilities are installing a new wastewater pipe to serve customers in the Starmount Neighborhood. Crews began near the end of Edgewater Drive at Little Sugar Creek and are working their way upstream to Rosecrest Drive.

**ROAD UPDATES:**
- Brookcrest Drive (between Brookdale Avenue and Edgewater Drive) was reopened on April 3rd.
- Late April, Candlewood Drive (between Edgewater Drive and Brookdale Avenue) will be closed. The road will be closed for an estimated three weeks. Drivers will be detoured onto Brookcrest Drive and Edgewater Drive.

**WHERE:** Installation of the new pipe will occur in construction easements.

**WHAT TO EXPECT:**
- **Pipe delivery and storage** – Pipes, large manholes, and other materials are delivered and stored within the construction easements and road right-of-ways.
- **Establishing a safe work zone** – Fencing will be put in place and pipe will be stabilized to prevent it from moving.
- **Trench digging.**
  - Customers may feel a rumble
    - Crews may remove rock formations by use of small blasting. Residents within a 500 foot radius of the blasting sites will be contacted.
    - Blasting is a standard construction procedure and all safety precautions will be taken.
    - Residents may hear a warning horn and feel a slight vibration or rumble similar to a slammed door or thunder.
- **Construction traffic** (excavators, dump trucks) will be along the creek, within the easements.

**PROJECT CONTACTS:**
David Austin at 704-965-6935 or daustin@frazier-engineering.com

Mike Wirth at 704-336-8507 or mwirth@charlottenc.gov
