Surveying Is Coming to Your Area Soon

Drinking Water Pipe Replacement Project
October 4, 2019

Dear Property Owner:

Charlotte Water (CLTWater), is surveying the area to gather information related to future drinking water improvements. You may notice pavement markings, wooden survey stakes, plastic flagging or other markings related to these activities.

In upcoming work, Charlotte Water’s authorized contractor, Calyx (a NV5 Company), may be working on or near your property on one or more occasions. Their activities should not inconvenience you. During this period, it may be necessary for personnel to enter upon your property to conduct surveys or other work related to this project.

If we determine that this project will have any direct impact on your property, we will notify you further as the project progresses.

Learn more at charlottewater.org (Projects, Construction, Newland Road and Holly Street Water Pipe Replacement).

QUESTIONS: Should you have questions about this work or the project, please contact Olivier Veille, project coordinator at Charlotte Water at 704-336-7461 or Olivier.Veille@charlottenc.gov.
