West Trade Rozzelles Ferry Connectivity Enhancement Projects

West Trade/Rozzelles Ferry

CharlotteFuture.com/CNIP

Through an extensive public engagement process, five projects were identified in the West Trade Rozzelles Ferry Comprehensive Neighborhood Improvement Program (CNIP):

- Turner Avenue Streetscape (Rozzelles Ferry Road to State Street)
- State Street Pedestrian Improvements (Turner Avenue to Five Points)
- Yellowstone Drive to Zebulon Avenue Street Connectivity
- Stewart Creek Avenue to Chamberlain Avenue Street Connectivity
- State Street and Stewart Creek Pedestrian Crossing Improvement

During the planning phase, the project team will meet to discuss each project and implement a concept design. The concept design will be presented at the information session meeting this fall. Residents will be notified a few weeks in advance of the meeting.

The project team will continue to keep you informed on the status of this project.
