This project will construct a multi-use path for bicyclists and pedestrians along Westinghouse Boulevard between South Tryon Street and Shopton Road West. Construction will begin in late spring.

During construction, a city inspector will visit the construction site daily. The city will make every effort to minimize disruption and inconvenience during construction.

**IMPORTANT:**

Adjacent property owners need to remove all items located inside the roadway right of way by May 14, 2021. The roadway right of way will be staked in the field to assist with relocations. Direct letters will be mailed to property owners who have an item in conflict with the project.

Questions? Contact Toni Wilson, Project Manager, at 704-560-6257 or [toni.wilson@charlottenc.gov](mailto:toni.wilson@charlottenc.gov).
