

Brentwood Place

storm drainage improvement project

YOUR STORM WATER FEES AT WORK

May 2013

Dear Resident,

Earlier this year the Brentwood Place Storm Drainage Improvement Project was divided into two phases so that work within the Railroad right-of-way (Phase I) can begin while the Real Estate and Permitting Phases are finalized for the remainder of the project (Phase II). Each Phase will be bid and constructed independent of the other. Phase I construction is expected to begin in the fall of 2013.

For more information about this project, please visit <http://stormwater.charmeck.org> and click on **Storm Water Projects** drop down menu in the green bar, then **Active Projects and Brentwood**.

If you have any questions about this project, please contact Project Manager Tom Purvis at 704-336-3660 or tpurvis@charlottenc.gov.

Be a Water Watcher:
Call 311 to report misuse of storm drains or unusual creek conditions.

Join us on Facebook at www.facebook.com/waterwatchers.

CHARLOTTE

Engineering & Property Management
Storm Water Services Division
600 East Fourth Street
Charlotte, North Carolina 28202

Let's work together to protect
Charlotte's valuable water sources.

 **waterwatchers**

are Charlotte-Mecklenburg residents just like you who report instances of...

- Unusual creek conditions: *odd smells, color changes, dead fish or foam*
- Improper dumping of substances into storm drains: *grease, trash, paint or other pollution*
- Poorly stored chemicals, sewage overflows, erosion from construction sites or broken pipes

Keep our area waterways clean by calling 311 or
visiting stormwater.charmeck.org to report conditions.
