

Cedars East

storm drainage improvement project

YOUR STORM WATER FEES AT WORK

Charlotte-Mecklenburg Storm Water Services and engineering consultant, STV/Ralph Whitehead Associates, continue with the design phase for the Cedars East Storm Drainage Improvement Project. The project goals are to reduce property, structure and street flooding throughout the neighborhood.

City Staff is coordinating with all the utility companies in the area to resolve potential conflicts and concerns. Once final approval has been obtained, STV will make revisions to the preliminary design plans to be shared at an upcoming public meeting.

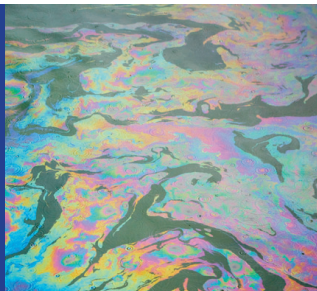

For more information about this project, please visit our website at stormwater.charmeck.org and click on **Storm Water Projects** dropdown menu in the green bar, then Active Projects and **Cedars East**.

If you have any questions, please contact Project Manager Matthew Anderson at 704-336-7923 or manderson@charlottenc.gov.
