

Public Meeting Minutes

Chatham Storm Drainage Improvement Project

November 27, 2019

Charlotte-Mecklenburg Storm Water Services held a public meeting on October 29 at Plaza Presbyterian Church to present the recommended design alternative.

Meeting highlights

- Brief introduction of the project team and project overview
- Presentation of the recommended design alternative to improve the storm drainage system
- A question/answer session followed by breakout sessions to address property-specific questions

Next steps

The next public meeting will be scheduled prior to easement acquisition. Easements provide permission for Storm Water Services to access the property, construct the recommended improvements and provide future maintenance.

Investing in Infrastructure

Storm Water Services designs and constructs projects that make a difference in the lives of residents across the city. Our community benefits when stormwater quickly drains off roads, flood risks to homes are reduced and the health of local streams is protected or improved.
