

Cricketeer

Storm Drainage Improvement Project

Survey crew coming soon

Project Status

September 2021

Charlotte-Mecklenburg Storm Water Services is working with Brown and Caldwell and their surveyor, LDSI, Inc., to evaluate the storm drainage system in the Cricketeer project area.

Representatives may need to enter your property to collect survey data on the existing system. While state law authorizes access to private property, no building or structure will be entered or disturbed.

The survey work is scheduled to begin in October and take about one month to complete.
