

Cutchin Drive

storm drainage improvement project

YOUR STORM WATER FEES AT WORK

Dear Resident:

Charlotte-Mecklenburg Storm Water Services has hired engineering consultant Parson Brinckerhoff, Inc. and surveyor Dewberry Engineers, Inc. to study possible drainage improvements in the Cutchin Drive project area. The Cutchin Drive Storm Drainage Improvement Project is bordered by Sharon View Road to the north, Wamath Drive and Mountainbrook Road to the south, McMullen Creek to the east and Sharon Road to the west.

Representatives from the Project Team may need to enter your property to collect survey data on the

existing storm drainage system. While State law authorizes access to private property for this purpose, no buildings or structures will be entered or disturbed.

For more information about this project, please visit our website at stormwater.charmeck.org and click on **Storm Water Projects** drop down menu in the green bar, then **Active Projects** and **Cutchin Drive**.

If you have any questions, please contact Project Manager Adrian Cardenas acardenas@charlottenc.gov or 704-336-4682.
