

# Edgewater/ Rosecrest

Storm Drainage  
Improvement Project

- **Rosecrest Drive closure**
- **Survey crew coming soon**

## Project Status

February 2020

Charlotte-Mecklenburg Storm Water Services hired consultant LaBella Associates and surveyor Dewberry Engineers to work on the proposed improvement plans including replacing pipe systems, improving and stabilizing channels, and replacing roadway culverts.

On Friday, February 14, a portion of Rosecrest Drive was closed for safety reasons. The road will remain closed until the culvert replacement is complete. Construction is anticipated to begin this fall and will take several months to complete.

Additional survey information is needed to complete this project. Representatives may need to enter your property to collect survey data on the existing storm drainage system. While state law authorizes access to private property, no building or structure will be entered or disturbed. The survey work is scheduled to begin in March and will take several weeks to complete.
