

### ***Project Status***

Charlotte-Mecklenburg Storm Water Services and engineering consultant Hazen and Sawyer continue with the design phase for repairs of three culverts located at Cedarbrook Drive, Denbur Drive and East Lake Road. Staff is working to determine several alternative design solutions. A public meeting will be held early next year to present the design solution.

## Investing in Infrastructure

Storm Water Services designs and constructs projects that make a difference in the lives of residents across the city. Our community benefits when stormwater quickly drains off roads, flood risks to homes are reduced and the health of local streams is protected or improved.

The Elvis Project goal is to reduce street and structure flooding throughout the neighborhood.
