

Lilly Mill

Storm Drainage Improvement Project

Park Road closure

Project Status

May 2020

Work continues on the Lilly Mill Storm Drainage Improvement project. Construction began in August 2018 and is anticipated to be completed by March 2021.

Construction updates

Beginning May 11, Park Road between Huntingtowne Farms Lane and Barcan Court will be closed to install storm drainage and sanitary sewer improvements. These improvements are occurring ahead of schedule and the full road closure will allow work to happen as quickly as possible.

Motorists should detour using Sharon and Fairview Roads. The contractor will maintain access to the neighborhood, with signs assisting drivers.
