

# Lilly Mill

storm drainage improvement project

YOUR STORM WATER FEES AT WORK

November 2014

Dear Resident,

Charlotte-Mecklenburg Storm Water Services continues to work on the Lilly Mill Storm Drainage Improvement Project. We are in the process of acquiring easements needed for the city to have construction access to build the improvements. Property owners will be contacted if an easement is needed on your property.

There have been delays on the project due to various utility companies taking longer than scheduled for their project reviews. The project team is doing what they can to get back on schedule.

For more information about this project, please visit our website at [stormwater.charmeck.org](http://stormwater.charmeck.org) and click on **Storm Water Projects** drop down menu in the green bar, then **Active Projects and Lilly Mill**.

If you have any questions, please contact Project Manager Jackie Bray at [jbray@charlottenc.gov](mailto:jbray@charlottenc.gov) or 704-336-6770.

## HURRICANE SEASON

JUNE 1 - NOVEMBER 30, 2014

STORMY  
WEATHER  
AHEAD

### 2014 forecast:

- 11 named tropical storms
- 3 hurricanes

75% of Charlotte's flooding happens during the months of hurricane season.

Whether it's heavy rain from a named storm or an unexpected cloudburst, Charlotte's flood chances increase dramatically in the summer.

Get flood safety information at [StormWater.CharMeck.org](http://StormWater.CharMeck.org)
