

Louise Avenue storm drainage improvement project

your storm water fees at work

August 2010

Dear Resident,

Charlotte-Mecklenburg Storm Water Services, along with consulting engineers United Infrastructure of the Carolinas (USI), continues to work towards the completion of the construction design plans. This project has entered the final design stage and the real estate negotiation phase. All property owners will be contacted to set up a short meeting to review the easements needed for the property during construction and exactly what will happen on the property during construction.

Progress Report:

Storm Water Services is currently on schedule as it proceeds with the Design Phase of the project.

Next Steps:

- Finalize easement documents
- Obtain construction permits from federal, state and local agencies
- Begin construction

As a property owner, if you would like to provide input regarding the project, please feel free to fill out a survey form on the project webpage. Your input is appreciated.

For more information about this project and schedule, please visit our website at <http://stormwater.charmeck.org> and click on **Storm Water Projects, Storm Water Projects** again, then **Louise**.

If you have any questions, please contact the Project Manager, Danée McGee at dmcgee@charlottenc.gov or 704-336-4102.

**Anywhere it rains,
it can flood.**

Pay attention to flood watches and warnings.
Be ready to move to higher ground.
Buy flood insurance.
Don't walk or drive through flood water.

**The risk is real.
Be prepared.**
