

# Lyon Court

storm drainage improvement project

YOUR STORM WATER FEES AT WORK

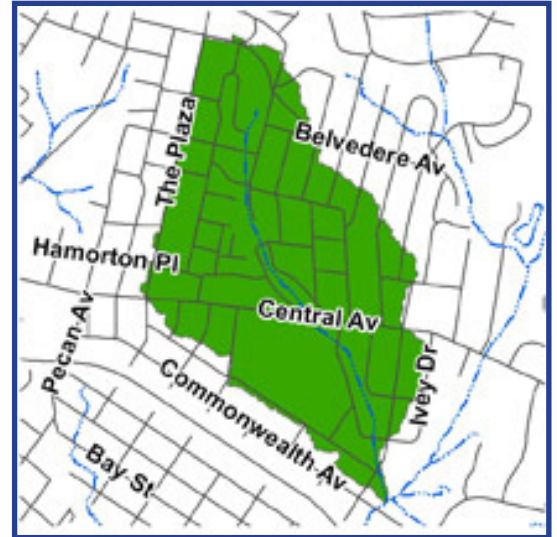

Dear Resident,

Charlotte-Mecklenburg Storm Water Services continues with the design phase of the Lyon Court Storm Drainage Improvement Project. The project will reduce flooding and erosion in the approximately 300 acre project area.

During the upcoming real estate phase, we will hold a third and final public meeting to discuss the designed improvements and initiate easement acquisitions. We expect to hold the public meeting within the next couple of months.

For more information about this project, please visit <http://stormwater.charmeck.org> and click on **Storm Water Projects** drop down menu in the green bar, then **Active Projects** and **Lyon Court**.

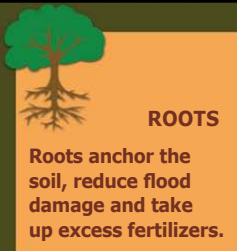

If you have any questions, please contact Project Manager William Harris at [wtharris@charlottenc.gov](mailto:wtharris@charlottenc.gov) or 704-353-1147.

January 2014

## Shade Your Stream

Property along creeks and lakes should be planted with native trees and shrubs.

For more information about stream buffers, visit <http://stormwater.charmeck.org>
