

# Magnolia/Winthrop

## Storm Drainage Improvement Project

### Survey crew coming soon

## Project Status

September 2021

Charlotte-Mecklenburg Storm Water Services is working with the John R. McAdams Company and their surveyor, The Surveyor Company, to evaluate the storm drainage system in the Magnolia/Winthrop project area.

Representatives may need to enter your property to collect survey data on the existing system. While state law authorizes access to private property, no building or structure will be entered or disturbed.

The survey work is scheduled to begin in October and take about two months to complete.
