

Manor

Storm Drainage Improvement Project

Survey crew coming soon

Project Status

July 2020

Charlotte-Mecklenburg Storm Water Services is working with DPR Associates, Inc. and their surveyor, The Survey Company, to evaluate the storm drainage system in the Manor Road area. Representatives may need to enter your property to collect survey data on the existing system. While state law authorizes access to private property, no building or structure will be entered or disturbed. The survey work is scheduled to begin in July and take about a month to complete.
