

Margaret Turner Road

storm drainage improvement project

YOUR STORM WATER FEES AT WORK

Dear Resident:

Charlotte-Mecklenburg Storm Water Services is finalizing the survey work. After the survey is complete, the existing drainage conditions will be evaluated within the project area.

This project will focus on the storm drainage issues along Margaret Turner Road. The project will also analyze the downstream channel that flows from Margaret Turner Road, north toward Gum Branch.

For more information about this project, please visit our website at stormwater.charmeck.org and click on **Storm Water Projects** drop down menu in the green bar, then **Active Projects and Margaret Turner Road**.

If you have any questions, please contact Project Manager Tom Purvis at tpurvis@charlottenc.gov or 704-336-3660.

August 2014

HURRICANE SEASON

JUNE 1 - NOVEMBER 30, 2014

2014 forecast:

- 11 named tropical storms
- 3 hurricanes

75% of Charlotte's flooding happens during the months of hurricane season. Whether it's heavy rain from a named storm or an unexpected cloudburst, Charlotte's flood chances increase dramatically in the summer.
