

# Queens/ Westfield

Storm Drainage  
Improvement Project

**PROJECT STATUS**  
FEBRUARY 2022

Survey crew coming soon.

## PROJECT STATUS | FEBRUARY 2022

Charlotte-Mecklenburg Storm Water Services is working with WK Dickson & Co., Inc. and their surveyor, Tidemark Land Services, to evaluate the storm drainage system in the Queens/Westfield area.

Representatives may need to enter your property to collect survey data on the existing system. While state law authorizes access to private property, no building or structure will be entered.

The survey work is scheduled to begin in March and take about three months to complete.
