

# Shamrock Gardens

storm drainage improvement project

YOUR STORM WATER FEES AT WORK

Dear Resident:

Charlotte-Mecklenburg Storm Water Services and engineering consultant Hazen and Sawyer are studying possible storm drainage improvements in the Shamrock Gardens project area. The project area borders Purser Drive to the north, Shamrock Drive to the south, Briar Creek to the east and Eastway Drive to the west.

Additional survey information is needed. Representatives from the Project Team may need to enter your property to collect survey data on the existing storm drainage system. While State law authorizes access to private property for this purpose, no buildings or structures will be entered or disturbed.

For more information, please visit our website at [stormwater.charmeck.org](http://stormwater.charmeck.org) and click on *Storm Water Projects* dropdown menu in the green bar, then Active Projects and *Shamrock Gardens*.

If you have any questions about this project, please contact Project Manager Chad Nussman at 704-336-5676 or [cnussman@charlottenc.gov](mailto:cnussman@charlottenc.gov).

October 2014

**HURRICANE SEASON**  
JUNE 1 - NOVEMBER 30, 2014

**2014 forecast:**

- 11 named tropical storms
- 3 hurricanes

75% of Charlotte's flooding happens during the months of hurricane season. Whether it's heavy rain from a named storm or an unexpected cloudburst, Charlotte's flood chances increase dramatically in the summer.

Get flood safety information at [StormWater.CharMeck.org](http://StormWater.CharMeck.org)
