

# Valleybrook

## Storm Drainage Improvement Project

**Survey crew coming soon**

### Project Status

May 2020

Charlotte-Mecklenburg Storm Water Services is working with ESP Associates, Inc. and their surveyor, Stewart Engineering, Inc., to evaluate the storm drainage system in the Valleybrook Road area. Representatives may need to enter your property to collect survey data on the existing system. While state law authorizes access to private property, no building or structure will be entered or disturbed. The survey work is scheduled to begin in May and take about two months to complete.
