

Public Meeting

Water Oak Storm Drainage Improvement Project

October 2018

Public meeting 6 p.m., Tuesday, October 23

Charlotte-Mecklenburg Storm Water Services is having a public meeting to present the proposed improvements and begin the easement acquisition phase. As part of this phase, we will explain the need to mark easement corners by survey crews beginning in November. While state law authorizes this access to private property, no buildings or structures will be entered or disturbed.

This meeting also serves as a public notice to acquire an easement in the FEMA floodplain. Please join us to find out more about this project and to talk about any project-related concerns you may have.
