

Bicycle Advisory Committee

Engineering & Evaluation Sub-Committee Report

Committee Information

Committee Name:	Engineering & Evaluation	Committee Members NOT Present:	Michael Trivette
Committee Members Present:	Caitlin Tobin, Michael Trivette, Eoin Sheil, Jaime Emmanuelli, Liza Pratt, Keith Sorensen (CDOT Staff)	Date of Last Committee Meeting:	August 17, 2021

BAC Meeting Minutes

- Subcommittee discussed the support letter for the recently completed work done on the MLK portion of the CycleLink. The subcommittee made edits to the draft letter and will share with the whole BAC at the August 24 meeting to present for adoption before sending to Council.
- The subcommittee also went over the project timeline and budget for the remaining implementation of the CycleLink, noting certain expected milestones for future support letters to Council.
- The subcommittee also discussed the status of the draft letter of recommendation to increase the frequency of bike lane sweeping citywide. It was noted that the BAC is waiting for a greenlight from CDOT leadership before sending this letter to Council.

STANDING PRIORITIES/AGENDA:

Priority #1: Prioritize the expansion of Protected Bike Lanes & Improve Connectivity in the bike network

- **Task:** *Monitor Comprehensive Plan/Strategic Mobility Plan (SMP) and support plan adoption.*
 - **Sub-Task:** Encourage and support a robust public engagement and comment on the development of the Bicycle Priority network plan map
 - **Sub-Task:** BAC subcommittee members commit to attending the SMP Town Hall meetings expected in Spring 2021.

- **Task:** *Support funding projects that improve biking in the City.*
 - **Sub-Task:** Research and advise on funding request for bike program (how much is the ask?) for next bond cycle 2022
 - **Sub-Task:** Write a letter and continue to advise council to support the Uptown CycleLink.
 - **Sub-Task:** Monitor and educate Council on how implemented facilities are being used.

- **Task:** *Research potential strategies and resources for improving/implementing a bike facility maintenance program.*

Priority #2: Support VisionZero Projects/Efforts

- **Task:** *Track and support CDOT projects that focus on reducing traffic speeds & improving safety.*

Priority #3: Continue to support building greenway/bike infrastructure projects that have committed funding, expedite where possible

- **Task:** *Monitor projects and pro-actively advise Council on supporting, funding and implementing bike, trail and greenway project.*
