<b>Backflow Review</b>
This fee covers those involved with plan review surrounding backflow requirements. Typically refers to commercial or non-single-family development. This fee would be paid when plans requiring a backflow review are submitted.
<b>Backflow Inspection</b>
This fee covers those involved with site inspection surrounding new backflow installation or inspection of existing backflow devices. Typically refers to commercial, non-single-family development or customers with dedicated irrigation meters.
<b>Subdivision Initiation</b>
This flat fee covers employee costs involved with new project initiation. It includes different aspects of work that typical water and/or sewer projects encounter, regardless of size or scope. Typically refers to new residential subdivisions, commercial projects, non-single-family developments requiring water and or sewer infrastructure construction, or their relocations. This fee would be paid when plans for an extension or relocation of water and/or sewer infrastructure are submitted for review.
<b>Subdivision Review</b>
This fee covers employees involved with plan review resulting from new development including new residential subdivisions, commercial projects, non-single-family developments requiring water and or sewer infrastructure construction, or their relocations. This fee would be paid when plans are submitted for construction or relocation of water and/or sewer infrastructure.
<b>Subdivision Inspection</b>
This fee covers employees involved with construction related activity of new public water and sewer infrastructure. Projects included in these fees are new residential subdivisions, commercial projects, non-single-family developments requiring water and or sewer infrastructure construction, or their relocations. This fee would be paid when plans are permitted for construction or relocation of water and/or sewer infrastructure and a contract is signed by the land developer.
