Will take people for overnight stay all night. No cut off time.

COLD WEATHER TIPS OFFERED BY THE

1. Wear layers of lightweight clothing to stay warm. Gloves and a hat will help prevent losing your body heat.
2. Don't forget your pets - bring them indoors. If they can't come inside, make sure they have enough shelter to keep them warm and that they can get to unfrozen water.
3. Warm the center of the body first—chest, neck, head, and groin—using an electric blanket, if available. Or use skin-to-skin contact under loose, dry layers of blankets, clothing, towels, or sheets.
4. Warm beverages can help increase the body temperature, but avoid drinking alcoholic beverages.
5. Keep dry and wrapped in a warm blanket, including the head and neck.
